ZIONS LANDSCAPER CHECKLIST

Cross referencing and comparing between Landscapers can be hard and often we, in England, don't like to complain so picking the right company from the start ensures your journey to your dream garden will be seamless. Here are some pointers to help you assess other companies performance:

AS A COMPANY DO THEY

Turn up on time to the initial consultation?
—

Have qualified staff for bringing these important additions to your property?
—

Have a team that works full days to get your project finished by the deadline?
—

Have the capacity to do you a design for the 'bigger picture' - and did it turn up on time?
—

Is 'clean and tidy' a daily culture, and not just a chore carried out at the end of work?
—

Protect all areas of your property, including those that aren't being working on?
—

Have guaranteed durability in their design and construction?
—

Have a team to continue the care of your investment, making sure it looks great in every season?
—

Are they checked and vetted by a governing body?
—

Is this governing body a government standard? Or simply an industry standard one?
—

Do they guarantee against drainage problems?
—

Only supply and lay quality products with quality samples brought to your home for your personal choice?
